Short summary of the performance for the Catalogue:

A woman and a man from a cleaning company start to clean the scene of the theatre. With a broom, a cloth, a mop, a drawer, a sweeper... yes real ones... but if these objects remain a broom, a cloth, a mop, a drawer, a sweeper... in their hands that you can see in Oetsie Poetsie a simple, recognisable performance full of music, sound, rhythm, object theatre, dance.

A performance without how's and why's ; A performance to enjoy , to romance, to go through, to undergo...A performance without language for everybody over aged 2,5 years with an open hart for fantasy and humour. Madcap Nonsense for all the family.

Practical Technical Oetsie Poetsie:

Language: none a lot of sounds and jabber talking

Duration: 50'

Type of puppets: objects

Ideal number of spectators: +/- 180

Target audience: all family from 2,5 years

Type of performance (outdoor or indoor): indoor but can be if necessary outdoor.

Cargo: Container about 100 kg. (If the garbage container and cleaning trolley can be bought in the country –which we often did – we need no extra cargo. We have also a proper set in China Mainland.(because there Oetsie Poetsie is a big success).

Technical requirements: we play with Mini disc, wireless head set (we can use our own if necessary)
