Other requirements

With musician

- if we need to fly: an electronic piano or piano/ if not available keyboard.
- if we need to fly (depending on the transport cost): a bass guitar .
- A microphone and its stand.
- A plug in for the sound laptop to the sound system of the venue.

Sound

- We bring our own wireless headphone.
- If Ronny plays without musician a plug in for the sound laptop to the sound system of the venue must be place on a table behind his décor.

Light

- The light is very simple and easy. See the light plan. With musician: our musician can do it when the controller can be put with him on stage.

If this is impossible a technician from the venue can easily do it (also when there is no musician this is necessary).

Other requirements

- 2 normal tables or desks (like in dinner rooms or office...height around 80 cm) must be placed behind the décor set.
